**NEW COMMERCIAL VEHICLE REGISTRATIONS  
EUROPEAN UNION<sup>1</sup>**

**June 2017**

**Next press release: Thursday 21 September 2017**

<sup>1</sup> Data for Malta unavailable

## Commercial vehicle registrations: +4.2% first half of 2017; +2.5% in June

### Total new commercial vehicles

**In June 2017**, EU demand for commercial vehicles increased modestly (+2.5%); growth was mainly sustained by the van and bus segments. All major markets performed well, except for a rather significant decline (-6.7%) in German demand. The Italian and Spanish markets recorded the highest percentage gains (+12.7% and +8.8% respectively), followed by France (+2.6%) and the United Kingdom (+2.1%) – the latter recovering again after a decline in May. In total, 229,570 commercial vehicles were registered in June.

**During the first half of 2017** the EU market expanded by 4.2%, counting almost 1,221,811 new commercial vehicles registered. Spain posted the strongest results over this period (+14.2%), followed by Italy (+8.7%), France (+6.0%) and Germany (+2.1%). The UK market, on the other hand, contracted (-2.7%) over the first half of the year.

### New light commercial vehicles (LCV) up to 3.5 tonnes<sup>2</sup>

**In June 2017**, registrations of new light commercial vehicles in the EU totalled 193,444 units, 3.2% more than in June last year. Italy (+13.3%), Spain (+8.7%), France (+2.0%) and the UK (+1.8%) all posted growth, while Germany saw its demand for vans decrease (-4.5%).

**Six months into the year**, more than one million new vans were registered in the European Union, up 4.7% compared to the same period one year ago. The United Kingdom (-3.7%) was the only major market with falling demand, while Spain (+16.3%), Italy (+6.5%), France (+6.4%) and Germany (+3.3%) all performed well.

### New heavy commercial vehicles (HCV) over 16 tonnes<sup>3</sup>

**June 2017** results show a slowdown in demand for heavy commercial vehicles (HCVs) after May's increases. A total of 26,307 new heavy trucks were registered in the EU, down 1.0% compared to June 2016. The Spanish, UK and French markets did very well, they went up by 15.1%, 10.6% and 10.5%, but demand for heavy trucks fell in Germany (-11.4%).

**During the first half of 2017**, the EU market grew by 2.2%, reaching 151,889 HCVs registered. Results were diverse among the five big markets, with Italy posting the strongest performance (+23.0%) while demand declined slightly in Germany and Spain (down 1.2% and 1.1% respectively).

### New medium and heavy commercial vehicles (MHCV) over 3.5 tonnes<sup>4</sup>

**In June 2017**, truck registrations fell slightly compared to the same month one year ago. Each of the five big markets did very well, apart from Germany, which saw a double-digit decline (-13.1%). In total, 32,620 new trucks were registered in the European Union, down 1.7% compared to June 2016.

**From January to June 2017**, 186,972 new trucks were registered in the EU, 1.8% more than last year. Just like in the HCV segment, Italy (+21.5%), France (+5.7%) and the UK (+5.6%) performed very well, but truck registrations fell in Germany and Spain (-1.6% and -1.5% respectively)

### New medium and heavy buses & coaches (MHBC) over 3.5 tonnes

**In June 2017**, 3,506 new buses and coaches were registered across the region, up 2.7%. Demand contracted in the UK (-9.9%), France (-9.4%) and Germany (-6.5%), but the Italian (+57.8%) and Spanish (+32.4%) markets posted strong results.

**Over the first half of the year**, the EU bus and coach market grew by 3.8%, counting 19,870 vehicles registered. Demand decreased in France (-18.4%) and the United Kingdom (-3.5%), but new bus and coach registrations went up in Italy (+49.6%), Spain (+16.5%) and Germany (+9.7%).
